

SCHOOL CENSUS IN PETERSBURG

That City Educates More Negro Children Than White.

MR. CABELL TO VISIT CITY

Rejoicing Over the Finding of Midshipman Jackson.

(Special to The Times-Dispatch.)
PETERSBURG, VA., August 9.—The annual meeting of the school board was held last evening and the report of Dr. D. M. Brown, superintendent of the operations of the public schools for the year ending July 31st, was read. The new census of the school population, between the ages of seven and twenty years, showed total of 5,293; whites, 2,990; colored, 2,303. There are eight public schools in the city, with fifty-four teachers, the cost of maintaining which was \$24,043.63.

Mr. J. Alston Cabell, of Richmond, candidate for Democratic nomination for Lieutenant-Governor, will visit Petersburg Saturday, to meet his friends.

Mr. Joseph Williams, a popular citizen employed at Watson & McCall's tobacco factory, has just moved into a residence on Adams Street, and yesterday in attempting to raise a window, broke one of the panes of glass. He was cut on the arm by the jagged edge of the glass, and an artery severed. Bleeding profusely, he was taken to the Home for the Sick and received prompt surgical attention.

SERIOUSLY ILL.
Mr. J. C. Howell, for many years a member of the Common Council from Fifth Ward, and a prominent contractor of the city, is seriously ill at his residence, corner of Shepherd and Dunlop Streets, of what is believed to be pneumonia of the bowels. His condition is such as to cause great uneasiness among his friends.

Mr. Jesse Newcomb, a well known Bollingbrook Street merchant, has been ill for some days of acute indigestion. His condition is improving.

Farmer Charles, an elderly and respected farmer of Chesterfield county, was enabled to leave the hospital for his home to-day. Several days ago while driving up Second Street, near the Bollingbrook Hotel, his mule became frightened at an approaching electric car, and turning sharply around threw Mr. Charles out. He fell upon his head on the stone pavement under the heels of the mule, and was stunned and severely injured. He has recovered sufficiently to go home, though still suffering.

ARRESTED FOR STEALING.

R. B. Hutchinson, a citizen of North Carolina, where he has a family living, was taken through this city to Roanoke this morning, to answer the charge of stealing a typewriter, valued at \$15. He was arrested in Charleston. It is said that he is now pending against him in Martinsville also.

The announcement in The Times-Dispatch this morning of the finding of Midshipman Robert Allen Jackson in Montreal, and of his return to his ship, afforded great relief to his relatives and friends here, who had become very anxious about him. From the young man's high character, they never could believe that he had wilfully deserted his station.

NEW LIBRARIAN.
Mrs. William Alexander has been appointed librarian of the Petersburg Benevolent Mechanic Association, a most excellent selection. The association has one of the largest and most valuable libraries in the South.

Maggie Laurie, a negress, who, some days ago in a fit of anger and revenge, slashed Thomas Moore, a colored farmer from one of the adjacent counties, with a razor, had an examination in the Mayor's Court to-day, and was committed for trial.

Notes From York.

(Special to The Times-Dispatch.)
OAK TREE, VA., August 9.—A terrific storm raged here Monday evening. The wind played havoc with fruit trees, corn fields and fences.

No pastor has been secured for the York River Presbyterian Church as yet, the regular pastor, Rev. W. J. King, having been called to a charge at Deerfield, Va., in June.

Mr. W. L. Schenck returned home yesterday, after a visit to relatives in Charles City county. Mrs. Schenck was accompanied by Mrs. S. E. Valden, who will visit here for a time.

WATERMELON DAYS IN OLD HANOVER

Two New Varieties Make Their Appearance This Season.

(Special to The Times-Dispatch.)
ASHLAND, VA., August 9.—These are the watermelon days in Hanover, and the market is unusually good. The soil of this county is peculiarly adapted to the citrus fruit. Two new varieties have been introduced, and have proven exceptionally sweet and juicy. The first variety is a large number of ears, with their high lobes painted sky blue, and the other is a small variety, with a green and white striped skin. The watermelon is a staple crop of the county, and is sold in large quantities to the cities.

The melon crops presented a unique appearance yesterday, decked with posters of Mr. Swanson, which an ingenious advertiser has placed in the hands of the watermelon vendors. The posters are of the large number of ears, with their high lobes painted sky blue, and the other is a small variety, with a green and white striped skin.

The public schools of Ashland will not be opened this year until early in November. The school building, which was burned by fire last year, is now being reconstructed. The new school building, and in accordance with the terms of the contract is to be finished in the fall. The school board of Ashland will meet to-morrow afternoon to consider the matter.

The Junior Order of United American Mechanics will raise a flag on the new school building, which is now being reconstructed. The school board of Ashland will meet to-morrow afternoon to consider the matter.

FERGUSON IS TO BE ARRESTED

The Shooting of Margaret Moran, However, is Regarded As An Accident.

TROLLEY VICTIMS RECOVER

The Dead Motorman Held Responsible for the Accident. Saved His Life.

(Special to The Times-Dispatch.)
NORFOLK, VA., August 9.—James Ferguson will be arrested in twenty-four hours in the event he does not surrender to the Norfolk county authorities, to answer the charge of shooting Margaret Moran. That the shooting of the girl, who was a guest at the Sewell's Point Club, was accidental, there seems to be no doubt, as all of the evidence points that way. The fact remains that a warrant is out for Ferguson's arrest.

Margaret Moran has not seen Ferguson since the day of the shooting, notwithstanding rumors that he had been a constant caller at the hospital. It is understood that Ferguson gave orders that the girl should have medical attention and seemed to be anxious for her recovery.

Robert L. Hatcher, aged twenty-four years, claiming to be from Danville, Va., was in the Police Court to-day upon a lunacy charge. The young stranger, from all appearance, had recovered to an extent sufficient to care for himself, and he was released. Hatcher told the police that he was the son of N. M. Hatcher, a member of the Danville police force. He was taken up yesterday as demented, while complaining that "the boys were pursuing him to cut him with knives."

INJURED RECOVERING.
Robert Tait and his wife, injured in the wreck of the trolley on the Ocean View yesterday, are still at St. Vincent's Hospital, suffering from bruises and slight wounds, but they are not seriously injured, and will recover. Charles Gibbs, of Berkeley, who was taken to the hospital last night, was discharged this morning. He had a slight wound in the face. The body of Sidney Thomas, the motorman who was killed, was brought to the city yesterday and buried.

B. C. Hathaway, general manager, has filed a report to R. Lancaster Williams, president, of Richmond, to the effect that Motorman Thomas was disobeying orders in going from the station, as he did, and that he is responsible for the collision and for his own death. Thomas was caught between the two cars and crushed. His right leg was cut off, so that the foot and ankle fell to the ground, where he was extricated fifteen minutes before death.

JUDGE OF GUILT REFUSED.
Pledge Allan R. Hanel, of the Corporation Court, refused to accept a plea of guilty by Den Smith, colored. The charge was too grave, and the negro, he said, probably did not comprehend it. He called for a full jury of twelve men and appointed an attorney as counsel. The prisoner, Den Smith, was accused of assaulting and robbing Mrs. G. W. Ward of her pocket-book on Monday night.

The body of the man who was killed, was brought to the city yesterday and buried. The body of the man who was killed, was brought to the city yesterday and buried.

DANIEL TELLS OF MARTIN'S WORK

Gives the Junior Senator Full Credit for Debt Settlement.

(Special to The Times-Dispatch.)
STRASBURG, VA., August 9.—The News to-morrow will say:

United States Senator John W. Daniel reached town on Saturday for his annual visit to the battlefield. He was at the reunion, but as his time was limited he spent most of it driving over the ground he had fought over. Major Daniel was the guest at the Chateaufort Hotel, and on Sunday, with Colonel William H. Baker, he visited many historic fields in these parts.

It is generally known that Senator Daniel is an ardent supporter of his colleague, Thomas S. Martin, in his candidacy for return to the Senate. Late Governor Montague has asserted that Mr. Martin was claiming credit for obtaining national legislation of vital importance to Virginia and her people accomplished, which was properly due Senator Daniel. In a talk with the Senator the News reporter asked him:

"I have never even been any claim on the part of Senator Martin that attributed to him what you had done, or that led to differences between you?"

"I have repeatedly stated in answer to inquiries that there is no instance in which Senator Martin has laid claims to things done by me, and there has never been any difference between us on the subject," said Senator Daniel earnestly.

"I have always found him fair and honest in these matters, and in all others of which I have any knowledge, and our relations have been for a quarter of a century the relations of cordial friendship."

"Is it true that the settlement between Virginia and the United States involved the \$5 which was paid to Virginia?" the reporter asked.

"Senator Martin has fully and clearly explained that matter," replied Senator Daniel. "He has told me that he is a member of the United States claim commission, and that he is a member of the United States claim commission, and that he is a member of the United States claim commission."

"The Orday Manufacturing plant, designed especially for the manufacture of chairs and twisted woods under patents, was built by eastern and Chicago capital, at a cost of \$100,000, but has never been put into successful operation, and the owners of the majority stock claim they have no funds with which to prosecute the business. The outstanding indebtedness, including bonds, aggregates about \$20,000."

MACKEY MAKES REPLY TO SWANSON

Declares He Cannot Divert Attention By Personal Abuse.

HE AMENDS HIS CHARGES

Declares Congressman Used His Office in Behalf of Railway Subsidy.

(Special to The Times-Dispatch.)
ALEXANDRIA, VA., August 9.—Captain Virand Mackey, Commonwealth's attorney for Alexandria county, in replying to-day to the bitter attack made upon him last night by Representative Claude A. Swanson during his speech in Alexandria when he referred to Captain Mackey as a "slandering trade and a liar by instinct," stated that Mr. Swanson could not satisfy the voters of Virginia by flying into violent personalities in the hope of diverting attention from his failure to answer charges of a very grave nature affecting his public record.

Captain Mackey said he relied upon unquestionable documentary evidence for the elaboration, as well as the basis of the accusations he had brought against Mr. Swanson in the letter published last week in a Virginia paper. He defied Mr. Swanson to deny the correctness of his statement of the records of the governmental investigation of the postoffice charges two years ago, leading up to the report of Postmaster-General Bristow.

Captain Mackey only regretted that he had not made his article more sweeping and comprehensive. He said: "I might have added to my article on Swanson's record with Congress the fact that he got Beavers to appoint Swanson's clerk, Coles, an inspector of rural free delivery routes, by which means Swanson was able to pass on the political qualifications of the rural free delivery carriers in his district, and in connection with Beavers, to dictate the appointment of Republican carriers in this way Swanson managed to corral a whole lot of Republican votes."

Mr. Siemp, the Republican referee of the administration so far as Virginia is concerned, caught on to Mr. Swanson's little game and put an end to it. Captain Mackey also charged that Mr. Swanson had used his office in behalf of the Southern Railway subsidy.

At the meeting last evening, Mr. Swanson stated that he had prepared, and would publish a reply to Captain Mackey's article.

RECEIVER ASKED.
Application Made By Creditors of the Orday Mfg Co.

(Special to The Times-Dispatch.)
BRISTOL, TENN., August 9.—Huntman Brothers & Company and other creditors of the Orday Manufacturing Company to-day filed an injunction bill against the company, praying, among other things, for the appointment of a receiver to take charge of its affairs. It is asked that the bill be made a general creditor's bill.

The Orday Manufacturing plant, designed especially for the manufacture of chairs and twisted woods under patents, was built by eastern and Chicago capital, at a cost of \$100,000, but has never been put into successful operation, and the owners of the majority stock claim they have no funds with which to prosecute the business.
